Project Design Phase-II
Data Flow Diagram & User Stories

Date	31 January 2025
Project Name	Employee raise issue
Maximum Marks	4 Marks

Data Flow Diagrams:

The Employee Raise Issue application is designed to help employees report workplace concerns, IT issues, and service requests through a simple and structured process. The goal is to provide a centralized platform where requests can be submitted, tracked, and resolved efficiently, improving communication between employees and the support team.

Example: Level 0 DFD (Context Diagram)

Example Flow – Employee Raise Issue

Use this flow in your Ideation Phase document:

Same flow in text

Employee → Report workplace/IT issue → Process is slow & confusing → No centralized tracking system → Frustrated & Stressed
